PROFILE

Motivated Computer Science student at The Nairobi National Polytechnic with hands-on experience building full-stack web applications, cloud-deployed SaaS platforms, and payment-integrated systems. Currently developing a logistics intelligence platform for the East African freight corridor. Passionate about using technology to solve real-world problems and committed to community service through digital literacy outreach.

EDUCATION

Diploma in Computer Science (Expected 2028)

The Nairobi National Polytechnic, Nairobi, Kenya
Reg. No: 40149 | Course Code: CS/SEPT/2025L6-C

Kenya Certificate of Secondary Education (KCSE)

Friends School Mbale (2022)
Mean Grade: C+ | Index No: 38622202/286

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, SQL, HTML/CSS

Frameworks & Tools: FastAPI, React, Node.js, n8n (workflow automation), Supabase, Git/GitHub

Databases: PostgreSQL (Supabase)

Cloud & DevOps: Azure (OCR services), Cloudflare Pages, Kubernetes

Payment Integration: M-Pesa (Daraja API), Stripe

Other: REST API design, WebSocket implementation, PWA development, cybersecurity fundamentals, networking

PROJECTS

Siaka Cargo — Freight Shipment Platform

2025 – Present

- Building a multi-tenant logistics SaaS platform for the East African freight corridor
- Features: real-time shipment tracking, AI-powered risk scoring, invoice auditing via Azure OCR, port congestion forecasting
- Tech stack: FastAPI (Python), Supabase PostgreSQL, React, n8n workflow orchestration, Cloudflare Pages
- Integrated M-Pesa and Stripe payment processing with KRA dual-currency compliance
- Implemented enterprise-grade security: row-level tenant isolation, AES-256-GCM encryption, immutable audit trails (CMCA 2018 compliant)

COMMUNITY INVOLVEMENT

- Volunteer at local community centres teaching basic digital literacy skills to community members

- Provide food aid to young and vulnerable members of the community
-

LANGUAGES

- English — Fluent
 - Swahili — Fluent
-
